To: Ms. Theresa Newman, Hearing Officer
DNREC-Office of the Secretary

Please modify the aquaculture regulations to reduce cost of entry and operation of an oyster farm in the Rehobeth and Indian river bays.

Delaware oyster farming has the potential to restore aqua culture in our river bays. Other states have recognized and supported these important efforts. Current costs in Delaware are acting as a barrier to furthering the good work that the existing oyster farmers have begun.

Thank you
Sharon Satterfield
